PQ 31696/22

To ask the Minister for Health the number of patients who presented to an emergency department and were either not seen or who were referred elsewhere for care in January, February, March, April and May 2022, broken down by month and by hospital in tabular form; and if he will make a statement on the matter.

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

I have set out below the number of patients who did not wait for care from January to May 2022 in the table below as requested.

Please note we do not have data on patients who have been referred elsewhere for care.

I trust this response is helpful.

Yours sincerely,

Jacqueline McNulty (electronic signature)
