Re: PQ 31859/22

*** To ask the Minister for Health the number of staff currently working in University Hospital Limerick broken down by category that is, nurses, midwives, administration, doctors, consultants, health care assistants and so on in tabular form. -Peadar Tóibín**

Dear Deputy Tóibín,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

Please see below data regarding the number of staff working at University Hospital Limerick by category up to April 2022:

Staff Category	WTE April 2022
Medical & Dental	553
Nursing & Midwifery	1,293
Health & Social Care Professionals	396
Management & Administrative	575
General Support	538
Patient & Client Care	255
Total	3,609*

Increases in WTE (whole-time equivalents) over the last number of years have largely been concentrated on new bed capacity developments and sanctioned funding initiatives under the HSE National Service Plan & Winter Service Plan.

I trust this clarifies the position, please contact me if you have any further queries.

Yours sincerely,

Prof Colette Cowan
Chief Executive Officer
