PQ 32043* To ask the Minister for Health when the upgrade and refurbishment of 123 Block at a building (details supplied: St. Ita's Portrane) will commence; the duration and purpose of these works; if he will outline in detail the plan for this building as listed as a project in the HSE 2022 capital plan; and if he will make a statement on the matter. -Duncan Smith

Dear Deputy Smith,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

The upgrade and refurbishment work of 123 Block, now referred to as Tayleur House, was the final phase of the re-purposing of this three storey block on the St. Ita's Campus, Portrane. This phase of work involved the remaining areas on the ground floor which were not fitted out in the first or second phase of the refurbishment works. All scheduled work at Tayleur House is now complete.

The final phase of work has provided a production kitchen and an additional suite of office accommodation.

Yours sincerely,

Paul de Freine
National Director,
Capital & Estates
