8th July 2022

PQ 33118/22-Deputy Thomas Gould-To ask the Minister for Health the average cost of providing professional supervision, counselling and mental health supports to social worker per worker.

Dear Deputy Gould,

Thank you for your representation.

The National HSCP Office has developed a suite of resources to support supervision including a train the trainer education programme for supervisors and an education programme for supervisees. These programmes are delivered by trained trainers at local level and information about the training, resources and supervision training material is freely available on hseland.ie.

In some instances where an appropriate level of supervision is not available at a local level other arrangements may need to be put in place.

I hope this provides you with assistance.

Yours sincerely

Sharon Hayden
