PQ PQ 34000/22- Renal Dialysis Unit

Dear Deputy Harkin,

The Health Service Executive has been requested to reply directly to you in the context of the above Public Representation. I have examined the matter and the following outlines the position.

Response:

A capital business case is being compiled currently for the development of a modern Renal Unit to meet future service needs. It is expected that this business case will be submitted in Q3 or Q4 2022 to National HSE Estates for consideration and approval to fund a Capital project for SUH.

I trust that this addresses your query.

Yours sincerely,

PP
