**PQ 34650/22 – To ask the Minister for Health the number of persons on a waiting list for podiatry by CHO, and age category; and time waiting, in tabular form.**

**- Róisín Shortall**

---

Dear Deputy Shortall,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Question (PQ 34650/22) which you submitted to the Minister for Health for response.

The spread of Covid-19 has posed significant challenges for many service areas, including all Therapy Services. In light of these unprecedented challenges together with the Government's guidance on social distancing and on 'Cocooning' for those aged over 70, the HSE has had to reassess its operation of Community Therapy Services nationally, to ensure that the assessed needs of those clients with the highest priority are met.

The HSE is committed to delivering efficient high quality Podiatry services to all eligible service users. In 2021, there were 44,712 patients seen by HSE community Podiatry services.

Please find the attached appendix, which contains, in tabular form, details of the waiting lists for Podiatry as of May 2022, which is the latest data available at this time. Please note that where an individual LHO was unable to return the waiting list for the month in question, that it is noted at the bottom of the waiting list table.

Appendix 1 – Podiatry – Number of Patients waiting for treatment May 2022

I trust this information is of assistance to you.

Yours sincerely,

**Seán McArt**  
General Manager Primary Care  
National Community Operations
