Re: PQ ref 13422/22: “To ask the Minister for Health if there are general or specialist medical settings or surgical care settings in which the recommendations of the Framework for Safe Staffing and Skill Mix in General and Specialist Medical and Surgical Care settings in Adult Hospitals have not been met since 2018 to date by setting and by ward; and if he will make a statement on the matter - David Cullinane”

Dear Deputy Cullinane,

Currently the implementation plan for the roll out of the Framework for Safe Nurse Staffing and Skill Mix Phase I, applies to Model 4 sites only. Implementation of the Framework has commenced in all nine Model 4 sites and will continue throughout 2022. Assessment against the Framework recommendations has been undertaken in all wards (where the Framework applies) in these sites.

Yours sincerely,

John F Scott
General Manager
