PQ 14045/22 - To ask the Minister for Health the number of persons sacked or dismissed by the HSE in each of the past five years by job title or category; and the reason for their dismissal or sacking in each case.

Dear Deputy Tóibín,

I refer to your recent parliamentary question above which was sent to the HSE for reply.

The total number of dismissals in the HSE is not coordinated centrally but data is available based on the number of HSE employees who submitted an appeal against the dismissal decision under the HSE's internal appeals process and were unsuccessful is retained.

Year	Grade	Reason for Dismissal
2022	Nil	Nil
2021	2 appeals heard and outcomes pending	
2020	Nursing HSCP Support Staff	Misconduct Misconduct Unsatisfactory Performance/Attendance
2019	NIL	Nil
2018	Support Staff	Misconduct
2017	Patient and Client Care	Issues pertaining to statutory requirements for employment.

Yours sincerely,

John Delamere,
