“To ask the Minister of Health if he will visit the Owenacurra Health Centre in Midleton, County Cork and instruct the HSE not to close the centre but to improve it and retain all the services that were present pre-Covid-19; and if he will make a statement on the matter.”

Dear Deputy Buckley,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

Cork Kerry Community Healthcare wish to emphasise that safety is central to the provision of a quality mental health service. The original plan for the Owenacurra Centre was to refurbish the building so as to bring it to a standard that allows for the provision of care and recovery which a modern service should provide and one that matches the care being provided there. However, as we moved to the advanced planning phase for the centre, serious concerns emerged that any level of refurbishment would not bring the building up to the standards required and neither would it be regarded as fit for purpose by our Regulator.

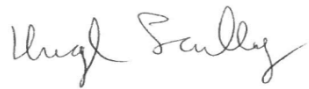

The HSE recognizes the interdependencies of risks, e.g. the relative safety of the service user and staff is dependent on the safety of the environment in which care is delivered. Advice from building experts and our HSE estates function, informed the HSE in its difficult decision to close the centre, given the unacceptable deficiencies in the existing accommodation and the investment of significant funding into a building which would still not bring the unit up to an acceptable accommodation standard for residents.

The safety and wellbeing of residents is our utmost priority and concern. We understand that the Owenacurra Centre has been their home, and we will do everything to ensure that their move to a new home is as easy and as smooth as possible.

The Health Service Executive welcomed the visit of the Joint Committee on Health to Owenacurra and St. Stephen’s Hospital on the 7th March. We briefed Committee members on the necessity to close the Owenacurra Centre in Midleton and very useful discussion took place in relation to the future mental health service needs in the area

I trust the above clarifies the queries raised.

Kind Regards,

Mr Hugh Scully
A/General Manager
