30th March 2022

PQ 14904/ 22 Deputy Róisín Shortall-To ask the Minister for Health if he will provide an update on the interim pathway for accessing Sotrovimab; when he expects the permanent pathway to be operational; and if he will make a statement on the matter

Dear Deputy Shortall,

Thank you for your representation.

The interim pathway for Sotrovimab has been operational from late January until early March to ensure that eligible high-priority patients had access to Sotrovimab when they became COVID19 positive.

The permanent pathway is now available to both hospitals and GPs.
GPs now have an option to refer a patient for Sotrovimob through the Health Link system.

I hope this provides you with some assistance.

Yours sincerely

Sharon Hayden
General Manager
Office of the CCO
