Sir Patrick Dun's, Lower Grand Canal Street, Dublin 2

Ms Mairead Farrell, TD
Dail Eireann,
Leinster House,
Kildare Street
Dublin 2

12th April 2022

PQ 15777/22 * To ask the Minister for Health the breakdown of the expenditure on the list of completed works and work in progress in relation to the €51.2 million spent on the enabling works for the National Maternity Hospital to date in tabular form; and if he will make a statement on the matter. -Mairéad Farrell

Dear Deputy Farrell,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

There are a number of enabling and advance construction works ongoing to de-risk and prepare the site for the construction of the new National Maternity Hospital. As the construction contracts for a number of these works are ongoing, the individual contract costs are commercially sensitive and therefore are not broken out separately.

The works undertaken to date to may be categorised as follows:

- Aspergillus prevention works;
- Enabling works, including site preparation works;
- Infrastructural works, and;
- Pharmacy facility and extension to existing multi storey carpark.

These works are necessary to facilitate the move of the National Maternity Hospital from Holles Street to the St Vincent's University Hospital campus.

Yours sincerely,

Paul de Freine
Interim National Director, Capital & Estates
