Dear Deputy Hourigan,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

I can confirm the total rental cost to the HSE of Garnish House from April 2020 until March 2022 was €941,141.00. The projected additional cost to the HSE of Garnish House from April 2022 to December 2022 is €366,817.50.

I trust the above clarifies the queries raised.
