30th March 2022

PQ 16526/22- Deputy David Cullinane- To ask the Minister for Health the number of treatments of Covid-19 related monoclonal antibodies administered in Ireland; and if he will make a statement on the matter.

Dear Deputy Cullinane,

Thank you for your representation.

As of close of business Monday 28 March 2022 there were 616 doses of Sotrovimab administered in Ireland. These were administered across all Hospital Groups to high-priority patients who are positive with COVID-19 and eligible to receive the drug.

I hope this provides you with assistance.

Yours sincerely

Sharon Hayden
