PQ REF 21966/22 - re: Relocation of HSE staff to Blackstone Motors building, Cavan

Dear Deputy Smyth,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position

There is currently significant development of services within the HSE in Cavan and Monaghan across Community and Acute Hospital Services. Part of these developments includes recruitment of approximately 70 additional clinical and other frontline posts to support the roll out of the Enhanced Community Care Programme. In addition, there are 15 Integrated Posts working across Primary Care and the Acute Hospital approved and in the process of recruitment including Consultant, Clinical Nurse Specialist, Physiotherapy and Dietetic Posts.

Within the grounds of Cavan General Hospital there are currently administration staff providing support functions to a wide range of community services such as Primary Care, Services for Older Persons, Home Support and Mental Health Services. Relocation of these staff to alternative office accommodation will ensure the newly recruited clinical staff will be appropriately accommodated within the grounds of Cavan General Hospital ensuring integrated quality services for the population of Cavan and Monaghan.

I trust this information is of assistance to you but should you have any further queries please do not hesitate to contact me.

Yours sincerely,

pp Linda McClean
Josephine Collins
