Deputy Paul Murphy
Dáil Éireann
Leinster House
Kildare Street
Dublin 2

27th May 2022

PQ 25893/22- Deputy Paul Murphy- To ask the Minister for Health if his Department will urgently issue guidance to general practitioners around the country that exercise should not be recommended to patients with myalgic encephalomyelitis or long-Covid where protein-energy malnutrition is a feature, following the publication of guidelines from an organisation (details supplied).

Dear Deputy Murphy,

Thank you for your representation.

The HSE have established a group to develop a clinical guideline for ME which will include Chronic Fatigue Syndrome. This is being clinically lead under the governance of the Chief Clinical Officer Forum. Meeting dates are being scheduled which includes patient representation.

I hope this provides you with assistance.

Yours sincerely

Sharon Hayden
General Manager
Office of the CCO
