To ask the Minister for Health if there is any process whereby a person can reclaim the cost of medication which has now been reimbursed by the HSE (details supplied); and if he will make a statement on the matter.-Patrick Costello

Dear Deputy Costello,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question (Reference 26406/22), which you submitted to the Minister for Health for response.

Epidyolex was made available under High Tech Arrangements effective 1st January 2022 following formal pricing and reimbursement assessment. Reimbursement support is available under Community Drug Schemes from the date of addition to the formal Reimbursement List. Retrospective reimbursement cannot be applied to any product prior to its effective date on the Reimbursement List.

Yours sincerely,
