3rd June 2022

PQ 26781/22 Deputy Paul Murphy - To ask the Minister for Health the number of doses of Paxlovid that are available for the high-risk population of Ireland; and if he will make a statement on the matter.

Dear Deputy Murphy,

Thank you for your representation.

The manufacturer of the oral antiviral Paxlovid has committed to an order of 14,000 doses.

To date there have been 5,200 doses of this therapeutic drug delivered to Ireland and doses are still available to be administered to eligible high-risk patients for the treatment of COVID-19.

I hope this provides you with assistance.

Yours sincerely

Sharon Hayden
