28th November 2022

Deputy Pádraig Mac Lochlainn
Dáil Éireann
Leinster House
Dublin 2.

PQ 54361_22 - To ask the Minister for Health the number of laparoscopic gastric bypass surgeries performed in University Hospital Galway, St. Vincent's University Hospital, St. Michael's Hospital Dún Laoghaire and Letterkenny University Hospital in each of the years 2017 to 2021. -Pádraig Mac Lochlainn

Dear Deputy Mac Lochlainn,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary question, which you submitted to the Minister for Health for response.

As you are aware, HIPE is a health information system, managed by the Healthcare Pricing Office (HPO) of HSE Finance and is designed to collect clinical and administrative data on discharges from, and deaths in, acute public hospitals in Ireland. HIPE discharges are clinically coded from charts in the hospitals, this includes translating medical terminology into alpha-numeric code and using the entire chart to extract the conditions and procedures to create an adequate picture of the patient's health care encounter

HPO have advised that they can provide the following information (see attached):

Table 1: Number of discharges with a principal procedure of laparoscopic gastric bypass surgery performed in University Hospital Galway, St. Vincent's University Hospital, St. Michael's Hospital Dún Laoghaire and Letterkenny University Hospital in each of the years 2017 to 2021.

I trust this is of assistance to you.

Yours sincerely,

**Nessa Lynch
General Manager
Acute Operations**
