Re: PQ 54404-22 St. Vincent's University Hospital

Dear Deputy Connolly,

I refer to the recent parliamentary question which has been referred for direct response.

I have had this matter examined and can advise that the long COVID Service in SVUH has been allocated 1 whole time equivalent senior Physiotherapy post. The post is currently vacant despite a number of recent recruitment drives. The post will be re-advertised on 28th November, with interviews to be scheduled in January 2023.

I trust this information is helpful to you.

Yours sincerely

Michele Tait
