PQ 54472/22

To ask the Minister for Health the number of dentists in New Ross, County Wexford, who are currently on the dental treatment service scheme; and if he will make a statement on the matter.

Dear Deputy Mythen,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Questions, which were submitted to the Minister for Health for response.

I have reviewed the matter and the following outlines the current position.

Persons with medical card eligibility and other eligible persons can access dental treatment through the Dental Treatment Services Scheme (DTSS). All medical card holders are entitled to specific dental treatments: dental examination, two fillings in each calendar year, extractions as necessary.

There are currently 2 Dentists participating in the DTSS in New Ross, Co. Wexford:

TITLE	F/NAME	S/NAME	ADDRESS/1	ADDRESS/2	ADDRESS/3	ADDRESS/4
Dr.	Thomas	Corkery	Dillon Dental Clinic	1, Priory Place	New Ross	Co. Wexford
Dr.	Adrian J.	Dillon	Dillon Dental Clinic	1, Priory Place	New Ross	Co. Wexford

Unfortunately there is no pathway for the HSE to ensure Dentists accept medical cardholders as patients. The HSE issues the contracts and requests yearly registration documentation but the HSE cannot direct a dentist to offer an appointment to a medical card patient. It is a matter for the individual dentist to decide the clinical priority of patients reviewed within their surgeries i.e. existing or new patients. Therefore the HSE would not have access to this information. The DTSS list is updated regularly following the annual request for documentation for current registration.

A recent Circular (Circular No. 13/22) was issued to Dentists informing them of changes and fee adjustments/increases effective from 1st May 2022 which may increase the numbers of dentists applying for a DTSS contract.

There are particular issues with the HSE Dental Service for adults i.e. DTSS. This is a nationwide problem and not unique to Co. Wexford. A number of private general dental practitioners (GDP) have resigned from the scheme and many general dental practitioners still operating the scheme have restricted access and may only be seeing existing patients. SECH understands that matter is currently being raised and considered by the Department of Health and the HSE at a national level.

I trust this information is of assistance to you. Should you have any further queries please do not hesitate to contact me.

Yours sincerely,

Anna Marie Lanigan
