8th December 2022

**Deputy David Cullinane
Dáil Eireann
Leinster House
Dublin 2**

PQ 57831/22

To ask the Minister for Health the average patient experience time from admission to discharge by location and by month to date in 2022, in tabular form.

PQ 57836/22

To ask the Minister for Health the average patient experience time from admission to discharge, by location and by month in 2019 in tabular form.

Dear Deputy Cullinane,

I refer to the above Parliamentary Questions, which you submitted to the Minister for Health, which has been passed to the HSE for response.

Please find attached template outlining the average patient experience time from admission to discharge by location and month in 2019 & 2022 as requested.

Please note the data provided is based on registration until the patient leaves the Emergency Department, either admitted or discharged.

As the PET times requested are average, please note that maximum times may not be accurate and therefore may not be an actual reflection of the patient's time in the Emergency Department.

I trust this response is helpful.

Yours sincerely,

**Jacqueline McNulty
General Manager Unscheduled Care
Acute Operations**
