**Deputy Róisín Shortall
Dáil Éireann
Leinster House
Dublin 2.**

2nd December 2022

PQ 58072/22

To ask the Minister for Health if he will provide a detailed breakdown of the schedule of delivery for the 321 acute beds due to be delivered in 2022 and 2023, as per the Winter Plan 2022/23.

Dear Deputy Shortall,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary question, which you submitted to the Minister for Health for response.

I wish to advise that the total number of beds planned per NSP 2021 & NSP 2022 and Winter Plans 21/22 = **1218+10 additional beds = Total 1228 beds.**

As of the 30th November the number of beds now delivered is = **934**

Additional beds expected to be delivered by year-end 2022 = **36**

Therefore, the total beds expected to be delivered by year end 2022 = **970**

This leaves a remaining number of 258 beds to be delivered following year end, and the table hereunder sets out the hospitals, and the timeframes for delivery of these beds.

I trust this information is helpful.

Yours sincerely,

Jacqueline McNulty
