**Deputy Mark Ward
Leinster House
Kildare Street
Dublin 2**

PQ 48305/22: To ask the Minister for Health the criteria used to decide if a child qualifies for free orthodontic treatment in the HSE; if there are any proposed changes to the criteria; and if he will make a statement on the matter..

Dear Deputy Ward,

The Health Service Executive (HSE) has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for response.

The HSE Orthodontic Service is provided in Regional Orthodontic Units. Access to treatment with the HSE Orthodontic Service is limited to those children with the most severe and complex orthodontic treatment needs. Referral for orthodontic assessment is usually made in 6th Class. The Modified Index of Treatment Needs (Modified IOTN) system is used in all regions to determine if a child will be accepted for treatment. There are a number of categories within the Modified IOTN system, and these are used to prioritise care, children whose treatment need is assessed as being in Grade 4 or Grade 5 of the Index are offered treatment with the HSE.

I trust this information is of assistance to you, but if you require further clarification please do not hesitate to contact me.

Yours Sincerely,

A handwritten signature in black ink, appearing to read 'Joe Green', written over a horizontal line.
