Deputy David Cullinane
Dáil Eireann
Leinster House
Dublin 2

PQ 49883/22

To ask the Minister for Health the number of patients who left an emergency department post-registration but pre-admission in the month of July, August and September 2022, by hospital in tabular form; and if he will make a statement on the matter.

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

The information currently reported by the HSE provides data on the number of patients who registered but did not wait within the Emergency Department. This does not distinguish or categorise patients that may require admission but left ED before admission or treatment.

I am however happy to provide you with data for the subset of all attendances to ED that did not wait post registration in the Months of July, August and September 2022.

I trust this response is helpful.

Yours sincerely,

Jacqueline McN
General Manage
Acute Operatio
