**Re: PQ 51820/22 –  
Funding for Radiographers to staff new MRI Unit**

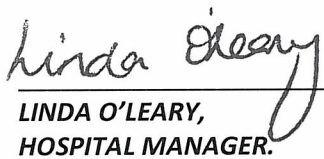

Dear Deputy Mythen,

I refer to recent PQ with regard to funding for Radiographers to staff the new MRI Unit at Wexford General Hospital, which has been referred to me for direct response.

I wish to confirm that, to date, no funding has been ring-fenced. However, we are currently scoping out the staffing requirements for the unit.

I trust that this information is helpful to you.

Yours sincerely,

---
