Re: **PQ 17206/23 –
Hysteroscopy Result Delays**

Dear Deputy Kehoe,

I refer to recent PQ in relation to the above and I apologise for the delay responding to you.

I can advise that WGH samples are sent to the Cellular Pathology Laboratory in UHW. We have noticed some delays with results, which we have monitored. We have also raised our concerns with UHW. At present, our urgent Histology results are returning within a two to three week period and routine Histology results within twelve to sixteen weeks approximately.

I trust that this information is helpful to you.

Yours sincerely,

LINDA O'LEARY,
HOSPITAL MANAGER
