**PQ 55369/23**

**To ask the Minister for Health the number of new HSE rapid response vehicles that will come into force in 2024; and the locations where these vehicles will be based, in tabular form. -Jennifer Murnane O'Connor**

Dear Deputy O'Connor,

The Health Service Executive (HSE) National Ambulance Service (NAS) has been requested to reply directly to you in the context of the above Parliamentary Questions, which you submitted to the Minister for Health for response.

NAS Fleet have taken receipt of 25 new RRV/RV type vehicles. The plan is to replace the current 17 RRVs with these. The 8 new vehicles and 17 old RRVs will be redistributed throughout NAS.

The locations for the new vehicles will be determined in due course.

I trust this information is of assistance.

Yours sincerely

William Merriman  
Director of Operations  
National Ambulance Service
