RE: PQ 10080/23 – Endoscopic Ultrasound Cancellations – Beaumont Hospital

Dear Mr O'Rourke,

Reference your recent parliamentary question relating to how many Endoscopic Ultrasounds procedures have been cancelled so far in 2023, the reason for same, the number patients affected and plans to accommodate them now.

To date in 2023, 16 Endoscopic Ultrasounds procedures have been rescheduled. Initial appointments were cancelled owing to either clinical decision, patient decision, did not attend or hospital capacity.

All patients have been rescheduled for March and April 2023.

If you have any further queries, please do not hesitate to contact me.

Yours Sincerely,

Patrick Clerkin
Interim Chief Executive Officer
Beaumont Hospital
