Re: CRC Clondalkin

“To ask the Minister for Health the number of staff that have been working in occupational therapy, physiotherapy, speech and language therapy and psychology year on year since 2016 in two teams; and the number of clients that have been seen by each separate discipline in the same time period, including a breakdown (details supplied).”

- Deputy Eoin Ó Broin

Dear Deputy Ó Broin,

I refer to the above Parliamentary Question which has been referred by the Minister for Health to the Health Service Executive for direct response. I requested that the Interim CEO of the CRC - lead agency for the Children’s Disability Network Team – Clondalkin examine the matter and the following outlines the position.

The Children Disability Network Team - CRC Clondalkin does not gather data in such a way that would allow us to provide the number of staff that have been working in occupational therapy, physiotherapy, speech and language therapy, and psychology year on year since 2016 in two teams; and the number of clients that have been seen by each separate discipline in the same time period. Unfortunately, I cannot provide the information requested as we do not hold the information in such a way to make it possible to answer the question asked.

I trust this information is of use to you. If you require any further information, please do not hesitate to contact us.

Yours sincerely,

P.P

Deborah Jacob
Head of Service, Disability Services
Dublin South, Kildare and West Wicklow Community Healthcare.
