Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary questions, which you submitted to the Minister for Health for response.

The monitoring of Delayed Transfers of Care (DTOC) is a priority for the HSE and this is achieved through Acute and Community Operations taking an integrated approach to the management of all DTOCs throughout the Health System.

The attached excel spreadsheet sets out the number of delayed discharges and Bed Days lost as per the PQs outlined, by hospital, in tabular format as requested.

You should note the data contained in the attached report is preliminary and may be subject to updating.

Please refer to the notes contained in the attached template.

I hope this is of assistance to you.

Yours sincerely,

A handwritten signature in black ink that reads "Jacqueline McNulty".
