**Deputy Colm Burke**  
**Dáil Eireann,**  
**Leinster House,**  
**Dublin 2.**

**6<sup>th</sup> March 2023**

**PQ7215/23 - To ask the Minister for Health if the HSE has utilised the clinical data repository of data submitted by GPs as part of the opportunistic case finding assessment under the chronic disease management programme to determine and contact undiagnosed patients likely living with chronic kidney disease; and if he will make a statement on the matter. -Colm Burke**

Dear Deputy Burke,

The data collected in the CDR is anonymised and cannot be traced directly back to an individual patient by the HSE. However the GP monitors the blood and renal tests which were done as part of the OCF, and if these indicate kidney impairment, the GP will enrol the patient on the Prevention Programme which is part of the CDM Programme.

I trust this is of assistance.

**Yours sincerely,**

---
