PQ 7671/23* To ask the Minister for Health to provide an update on the new primary health care centre for Finglas; and if he will make a statement on the matter. -Paul McAuliffe

Dear Deputy McAuliffe,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response.

A design team has been engaged for the Finglas primary care centre project and work on the preliminary design (Stage 1) is ongoing.

In parallel, the legal process to transfer the land is in progress and the HSE are engaging with all parties to complete this property transaction. It is anticipated this process will be concluded by Q2, 2023, which will facilitate further progress through design and planning stages of the project including the submission of a planning application in due course.

Upon completion of the legal process to transfer the land, the HSE will be able to give a further update on the status of the proposed primary care centre in Finglas.

Yours sincerely,

Paul de Freine
