Seán Canney T.D.

2<sup>nd</sup> March, 2023

**PQ 7986/23** To ask the Minister for Health when front line workers in an organisation (details supplied) will be paid the Covid bonus payment; and if he will make a statement on the matter. -Seán Canney

**Details supplied:** Cancer Care West

Dear Deputy,

I refer to your recent Parliamentary Question which was sent to the HSE for response.

KOSI was engaged by the HSE as the Scheme Administrator on 20th October 2022 to administer payments to eligible employers of front-line workers who may be eligible for PSRP in the following cohorts which are encompassed by the Government Decision:

- (1) Private Sector long-term residential care facilities for older people (nursing homes) and hospices, whether they be Private, Voluntary, Section 39
- (2) Eligible staff working on-site in Section 39 long-term residential care facilities for people with disabilities;
- (3) Agency/contract staff who worked in clinical settings for the HSE or within Cohorts 1, 2 and 4 (e.g. an nurse, doctor, cleaner, paramedic);
- (4) Health Care Support Assistants (also known as home help / home care / home support) contracted to the HSE.

KOSI has directly engaged with agencies meeting the criteria and the process for Employers to claim for current and former employees eligible for PSRP has been outlined.

The HSE and the DOH acknowledge the requests made from various organisations and individuals for inclusion within the eligible non-HSE and non-Section 38 cohorts. The cohorts and cohort criteria were prepared on foot of careful consideration by the Government and the Department has no mandate to expand the list of eligible cohorts or eligible cohort criteria, therefore the Departments position must remain as outlined above.

Payments have commenced to the employers who submitted applications that have passed the verification process. **The HSE are not dealing with individual employee queries, instead employees are asked to link with their employers in the first instance with regard to their eligibility**

The Government has expressed sincere gratitude to all healthcare workers for their efforts during what has been a challenging period for our health services. The Department appreciates that those who do not qualify for this particular payment may feel disappointed, and that they too have made a significant contribution to the State's response to the pandemic but it was a difficult decision to set the boundaries here.

I trust this clarifies and is of some assistance.

Yours sincerely,

**Marie O'Sullivan
