14th March 2023

PQ 9741/23* To ask the Minister for Health if he will provide a list of the 90 locations where a capital programme to replace, upgrade and refurbish care facilities (details supplied: as referenced by Minister of State Anne Rabbitte in Topical Issues Feb 16 2023) is to be undertaken; the nature of the works involved; the timeframe involved; and if he will make a statement on the matter. -Martin Browne

Dear Deputy Browne,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

In response to this Parliamentary Question, please see attached addendum which provides details of the HSE programme to replace and improve 90 Community Nursing Units, as announced and published in January 2016. The works involve the replacement, upgrade and refurbishment of the facilities. This programme, commenced in 2016, continues to progress with projects at various stages of completion.

Currently, 44 projects have been completed. Construction is underway on several more facilities, while the remainder are at various stages of appraisal, planning and/or design. At present it is estimated 11 projects will be completed in 2023, 8 projects in 2024 and the remainder in 2025 or thereafter.

Yours sincerely,

Paul de Freine
National Director,
Capital & Estates
