PQ 1169/23* To ask the Minister for Health the status of the disposal of land by the Department of Education to his Department to provide a primary health care centre in Collinstown, Dublin 22; and if he will make a statement on the matter. -Mark Ward

Dear Deputy Ward,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

As previously communicated in our response to Parliamentary Question 53318/22, the HSE Property Review Group has approved the acquisition of 1.27 acres of land from the Department of Education and Skills, and the Dublin Education and Training Board, for the delivery of Rowlagh primary care centre in Collinstown, Clondalkin, Dublin 22.

The legal process to transfer the land is in progress currently and solicitors acting for the HSE are engaging with the office of the Chief State Solicitor to progress this property transaction.

Until the legalities associated with the transfer of the land are completed, it is not possible to provide a more definitive update on the planned delivery of the proposed primary care centre.

Yours sincerely,

Paul de Freine
National Director,
