**To ask the Minister for Health the average patient experience time from admission to discharge for the full year of 2019, by location and by month in tabular form.**

Dear Deputy Cullinane,

I refer to the above Parliamentary Question, which you submitted to the Minister for Health, which has been passed to the HSE for response.

Please find attached template outlining the average patient experience time from admission to discharge (in our Emergency Departments) by location and month in 2019 & 2022 as requested. The data provided is based on registration at the Emergency Department until the patient leaves the ED, either admitted or discharged.

Please refer to notes on the attached document

I trust this response is helpful.

Yours sincerely,

---
