10th February 2023

Deputy Michael McNamara
Dáil Éireann
Leinster House
Dublin 2

PQ 4105/23 - To ask the Minister for Health the number of positions for health professionals, in particular nurses, doctors and physiologists, created and filled, respectively in each hospital during 2022; and if he will make a statement on the matter. Michael McNamara, due date: 10/02/2023.

Dear Deputy McNamara,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary question, which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

Details of vacancies across the organisation are not currently held centrally, therefore unfortunately we are not in a position to provide the specific information you request. However, I have attached a report detailing December 2021 WTE figures, December 2022 WTE figures and a WTE change tab between these periods. The report is broken down by Hospital and the staff categories Medical & Dental, Nursing & Midwifery and Health & Social Care professionals (which includes physiologists) are included. December 2021 to December 2022 represents the yearly change through 2022.

I trust this is of some assistance.

Yours sincerely,

Brian O' Connor
General Manager – HR Acute Operations
