Deputy Jim O'Callaghan
Dáil Eireann
Leinster House
Dublin 2

PQ 4772/23

To ask the Minister for Health if he will provide a breakdown of the 1,000 extra beds recently reported by the HSE in terms of hospitals involved and types of bed; and if he will make a statement on the matter.

Dear Deputy O'Callaghan,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response.

A total of 1228 acute hospital inpatient beds have been approved through Winter and National Service Plans 2021 and 2022. To end of 2022, a total of 970 beds were delivered. A further 209 beds are expected to deliver in 2023 with varying staffing and construction/capital dependencies. The table hereunder details the 970 acute inpatient beds delivered in 2021 and 2022. Please note a balance of 49 beds is currently under capital consideration.

I trust this response is helpful.
