To ask the Minister for Health the average timeframe that an approval for reimbursement of the cost of Cariban takes after a consultant completes an initial application form for an individual reimbursement for Cariban. -Gary Gannon

Dear Deputy Gannon,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question (Reference 4791/23), which you submitted to the Minister for Health for response.

Applications for reimbursement support where there is a managed access system in place can take up to 3 working days upon submission. Currently, applications for reimbursement support of Cariban® are being turned around in a much shorter timeframe.

Yours sincerely,
