RE: PQ 33214/23

"To ask the Minister for Health when planning permission will be granted to an organisation (details supplied); and if he will make a statement on the matter"
Bangor Health Centre, Bangor Erris, Co. Mayo, have applied to Mayo County Council to knock a wall outside the medical centre, they are awaiting permission from the HSE to knock the wall outside the front of the building and have designated parking bays installed.

Dear Deputy Dillon,

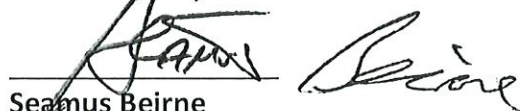

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

These issues had been previously highlighted and we were advised by the Estates Department that there was no option for parking at Bangor Erris Health Centre due to site constraints. The Estates Department are exploring options for the provision of a new Primary Care Centre in Bangor Erris.

We have passed the most recent correspondence on to the Estates Department to see if there are any options that can be explored in the interim.

I trust this information is of assistance to you, but should you have any further queries please contact me.

Yours sincerely

Seamus Beirne

General Manager Primary Care Services
Mayo & Roscommon
