Re: PQ 33782/23 - To ask the Minister for Health the number of optical coherence tomography machines currently in use in the ophthalmology department of St. Vincent's University Hospital.

Dear Deputy Murphy

I refer to the above parliamentary question which was sent to me for direct response. Please be advised that there is currently one coherence tomography machine in use in the Ophthalmology Department in St. Vincent's University Hospital.

I trust that this clarifies the matter.

Yours sincerely,

Professor Michael Keane,
Interim CEO.
