PQ Number: 37071/23

PQ Question: To ask the Minister for Health the number of minors who have been placed on adult psychiatric wards. – Ivana Bacik

Dear Deputy Bacik,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

HSE Mental Health Services are committed to age appropriate inpatient mental health treatment and to the minimization of the number of admissions of children to adult units, while acknowledging that, in exceptional circumstances, it may be necessary, where there is a clear clinical imperative, to admit a small number of children to adult units, for the shortest time possible.

Children are admitted to adult units only after all efforts to place them in Child and Adolescent in Patient Units are unsuccessful due to capacity or clinical needs. All admissions of young people under the age of 18 years are immediately notified to the Mental Health Commission in accordance with regulations. On every occasion that a young person requires to be admitted to an adult unit, there are nursed on a 1:1 basis continuously over the 24 hour period as per the Mental Health Commission's Code of Practice.

Further information on Mental Health Commission's Code of Practice can be found at the following link: <https://www.mhcirl.ie/sites/default/files/2021-06/Addendum-to-admission-children-2011.pdf>

The number of children admitted to adult mental health units has continued to reduce over time. The table below provides data on the number of child admissions to adult Approved Centres from 2018 to 2022.

	2018	2019	2020	2021	2022
No. of Child Admissions to adult Approved Centres	84	50	27	29	20

As of 2nd August 2023, the number of children/adolescents who have been admitted to adult units is 6.

I trust this information is of assistance to you.

Yours sincerely,

Tony Mc Cusker
General Manager
National Mental Health Services
