PQ 27768/23* To ask the Minister for Health if overspending across his Department will result in any delay to the works required to bring Wexford General Hospital back to full operational capacity; and if he will make a statement on the matter. -Johnny Mythen

Dear Deputy Mythen,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Questions which you submitted to the Minister for Health for response.

Works to restore all infrastructure in Wexford General Hospital following the recent fire will not be delayed due to any overspending elsewhere across the health system. Capital funding is being made available to meet the reinstatement programme as required.

Yours sincerely,

Paul de Freine
National Director,
Capital & Estates
