PQ 28273/23* To ask the Minister for Health if he will provide a copy of all capital acquisition circulars/regulations/capital appraisal/capital value for money rules/capital acquisition due diligence rules, and so on, that the HSE uses. -Alan Kelly

Dear Deputy Kelly,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Questions which you submitted to the Minister for Health for response.

The HSE Property Protocol sets out governance arrangements for the Health Service Executive's acquisition and disposal of property interests.

The Capital Projects Manual and Approvals Protocol provides similar governance for capital projects.

Both Protocols incorporate the requirements of the HSE Board, Statutory Obligations, regulatory frameworks, Departmental Circulars, Codes of Governance and best practice procedures in the management of property and capital projects.

Please see attached a copy of each document for your information.

Yours sincerely,

Paul de Freine
National Director,
Capital & Estates
