RE: To ask the Minister for Health what plans are in place to relocate the neurology department at Galway University Hospital; and if he will make a statement on the matter. -Seán Canney

Dear Deputy Canney,

The Health Service Executive has been requested to reply to you directly in the context of the request for information referenced above.

In response to your query, the Neurology Department will remain in its current location and operational until Phase 1 OPD is complete in Merlin Park University Hospital. This will ensure continuity of treatment for patients. There will be a planned phased removal of the prefab areas at UHG and there will be consultation with all services affected before any works commence.

The construction of the Phase 1 Outpatients Department at MPUH commenced at the end of February 2023. The strategy is that the majority of outpatient services will relocate to Merlin Park in the short to medium term.

I trust this clarifies the matter.

Yours sincerely,

Chris Kane

General Manager
