PQ ref 29103/23: To ask the Minister for Health the number of children awaiting a psychology appointment in CHO3; the breakdown of the time they have been on the waiting list; and if he will make a statement on the matter.

Dear Deputy Naughten

Child & Adolescent Mental Health Services in CHO 3 do not operate a separate waiting list for specific psychology appointments. When a young person is offered an appointment from the waiting list they are initially assessed by a member of the multi-disciplinary team who will identify their individual needs. This will dictate, along caseload priority, what appropriate discipline(s) will provide intervention to that young person.

Yours Sincerely,
