

Mr. David Cullinane TD
Dáil Éireann
Leinster House
Kildare Street
Dublin 2

11th July 2023

PQ 30326/23* To ask the Minister for Health to outline all capital projects to be either partially or fully funded by the HSE for primary, community and acute health services for Waterford into the future as in plans submitted; what stage the project is at; and if he will make a statement on the matter. -David Cullinane

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Questions which you submitted to the Minister for Health for response.

Please see attached addendum which provides the details of Major Capital projects that are currently planned or under way for County Waterford, including those being delivered both by capital investment and operational lease. This does not include any projects which may be progressing via revenue funding at present.

Please note that the current stage of each project as understood by HSE Capital & Estates is included. Approval to proceed to the next stage for each project is dependent on the approval process as outlined in the Capital projects Manual & Approvals Protocol, as well as the availability of funding. Funding is allocated on an annual basis based on the HSE Capital budget allocation.

Yours sincerely,

Paul de Freine
National Director
Capital & Estates
