Dear Deputy Kelly,

RE: REPDR/11218/23 To ask the Minister for Health the names of international recruitment agencies in the United States, Canada, Australia, UK and New Zealand that have contracts with the HSE to advertise for posts to be filled within the Irish public health service. -Alan Kelly

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, submitted by you to the Minister for Health. This matter has been referred to me for response on behalf of the HSE, my response relates only to supplier frameworks and contracts managed by HR Shared Services HRSS.

In seeking suppliers for international recruitment, the HSE publically advertises the requirement through the Office of Government Procurement website <https://www.etenders.gov.ie>, thus ensuring that international companies can receive notification of opportunities.

Companies from the United States, Canada, Australia, UK and New Zealand who meet the tender criteria are welcome to apply for these opportunities. The HSE has a number of procured suppliers for the purpose of international recruitment, many of these companies are part of larger international organisations or work in partnership with suppliers in other jurisdictions. Many of these companies also have a physical presence in Ireland to facilitate the provision of broader supports to international recruits.

The current suppliers procured via ETenders are listed below.
