Mr Matt Shanahan TD
Dail Eireann,
Leinster House,
Kildare Street,
Dublin 2.

PQ 12713 - To ask the Minister for Health if he will provide an update on an angiogram activity list (details supplied); and if he will make a statement on the matter.

Details Supplied: The Minister will be aware of an existing service level agreement with UPMC Waterford to provide cardiac angiogram diagnostics on site at the UPMC lab. The present SLA encompassed 30 procedures over a three day week - can the minister advise what is the expected diagnostic angiogram activity list to be implemented in Waterford with the opening of the second cathlab

Dear Deputy Shanahan

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary Question, which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

I wish to advise that in the first instance, the 3 day service in UPMC Whitfield will repatriate to University Hospital Waterford i.e. the same level of activity initially.

I trust the above is satisfactory but if you have any queries please do not hesitate to contact me.

Yours sincerely,

Grace Rothwell
