**PQ12822 / 23 - To ask the Minister for Health the number of full-time equivalent radiation therapists working in the public health system to provide radiation therapy to cancer patients at the end of each of the years 2016 - 2022. - David Cullinane**

Dear Deputy Cullinane,

The Health Service Executive has been requested to reply directly to you in the context of the above Parliamentary question, which you submitted to the Minister for Health for response. I have examined the matter and the following outlines the position.

I have attached a report from National HR which provides details of Radiation Therapists WTE at December for each of the years from 2016 – 2022, broken down at Hospital Level. Please note that the census does not contain detail at the level requested above.

I trust the above is of assistance.

Yours sincerely,

---
